How to find a student job?

- Internal and external student jobs can be found at our Jobteaser platform: uhasselt.jobteaser.com. Create an account with your student mail and start looking for a job. For our internal jobs, we add the tag ‘English speaking’ if it's available for students who don't speak Dutch. If we add the tag 'Dutch only', the job is only available for students who have a good knowledge of the Dutch language.
