

UHASSELT

KNOWLEDGE IN ACTION

As a civic university, we assume our responsibility, commit ourselves and share our knowledge in ways that benefit society. Strong public engagement was, is and always will be at the core of who we are and what we do. Current and future challenges guide our teaching, research and social engagement. Innovation is a constant in everything we do.

Facts and figures

University rankings

Education

Our educational foundations

Interactive learning environment

- guided independent
- learning innovative teaching and learning methods
- research-led courses

Lifelong learning

PhD opportunities
School of Expert Education

Use your talents

flexible study programmes
academic guidance and counselling

Broaden your horizon

international university
student participation

Excellent education and top research

- developing academic and employability skills
- excellent quality of education
- excellent staff consisting of leading authorities in education and research

Interdisciplinary research domains

A digital and data-driven future

Designing a sustainable future

Future economy and a just society

Future health and quality of life

Research:

Research takes place in the research institutes, research centres and research groups.

Research institutes:

- ▶ Biomedical research Institute (BIOMED)
- ▶ Centre for Environmental Sciences (CMK)
- ▶ Data Science Institute (DSI)
- ▶ Institute for Materials Research of Hasselt University and imec (IUMAT)

Research centres:

- ▶ Digital Future Lab (DFL)
- ▶ Limburg Clinical Research Center (LCRC)
- ▶ Transportation Research Institute (IMOB)

Our faculties and schools:

- ▶ Faculty of Architecture & Arts
- ▶ Faculty of Business Economics
- ▶ Faculty of Engineering Technology
- ▶ Faculty of Law
- ▶ Faculty of Medicine & Life Sciences
- ▶ Faculty of Rehabilitation Sciences
- ▶ Faculty of Sciences
- ▶ School of Educational Studies
- ▶ School of Social Sciences
- ▶ School of Transportation Sciences

An overview of the research groups can be found www.uhasselt.be/en/research/research-organisation.
