

# Course Globalisation and Sustainable Development 2025-2026

## **Lecture 8: 04/12/2025 - Climate Justice in Disadvantaged Communities: Community Education as a tool**

**Lecturer: Ms. Caoimhe Kerins (City of Dublin FET College)**

### **Abstract:**

Climate Justice approaches to tackling the climate crisis puts disadvantaged and marginalised communities at the centre of decisions and actions taken. This lecture will give a real life example of how the public education system in Dublin City is successfully building climate literacy and climate action in disadvantaged communities through community education.
